

Kaizen Blitz Rapid Process Improvement Workshop

An introduction for METS and Oil and Gas sector SMEs to the concept of rapid, pragmatic process improvement in their operations, through application of Kaizen Blitz principles.

The half-day interactive workshop will focus on:

- Lean principles
- The Kaizen Blitz concept
- How to identify issues and opportunities
- How to run a Kaizen project
- Case studies to highlight the process and benefits

Additionally, there will be an opportunity immediately after the workshop to visit an 'exemplar' business, which has undertaken a Kaizen Blitz project, to gauge the tangible benefits of such a program.

About the Entrepreneurs' Programme

The Entrepreneurs' Programme is the Australian Government's flagship initiative for business competitiveness and productivity. It forms part of the Government's National Innovation and Science Agenda.

The Programme uses experienced Advisers and Facilitators, drawn from industry, to ensure businesses get the advice and support they need to improve their competitiveness, productivity and to maximize their growth potential.

Practical support for businesses, researchers and entrepreneurs includes: advice from people with relevant private sector experience, co-funded grants to commercialise novel intellectual property in the form of new products, processes and services, funding to take advantage of growth opportunities, and connection and collaboration opportunities.

Presenter

TXM Lean Solutions is a leading Lean consulting firm working with SMEs in various sectors including METS and Oil & Gas.

TXM consultants are experienced and successful industry people. They deliver a practical and realistic approach based on their considerable operational expertise, gained from a wide range of industries, coupled with their deep understanding of Lean principles.
